STRONG AND SAFE PERIMETER AND POOL FENCING

Sanctuary Contemporary Fencing has been designed to provide a lightweight secure fencing system in durable aluminium. Suitable for enclosing a property or pool they can be completed with matching gates, elevating the security and aesthetics of a property.

Manufactured from the highest quality aluminium for corrosion resistance and strength and featuring robust square balusters, an extra top rail and high-quality components, Contemporary fencing is built for long-term resilience.

A popular choice for boundaries and pool fencing Contemporary meets and exceeds the current New Zealand Pool Fencing Regulations and NZS 8500:2006. Matching pool gates are available with self-closing hinges and child-resistant locks. Other applications would include schools, kindergartens and any area requiring security and protection.

Offered in panel widths of 2400mm and heights; of 1000mm*, 1200mm, 1350mm, 1500mm or 1800mm. All panels are available, powder coated in a custom colour** of choice from the extensive Dulux® range.

*1000mm height is not pool fence compliant **1200mm panel also available Satin Black as standard

POOL FENCING REGULATIONS

Compliant with NZ Pool Fencing Regulations & NZS 8500:2006

It is your responsibility as a Homeowner to ensure that your pool fencing layout complies with local government body regulations. The regulations can be subject to individual local body interpretation, and while Sanctuary Fencing, complies with NZBC Clause 9 and 162C of the Building Act (pool safety legislation), the layout and installation, must be approved by your local Council.
